Committee Meeting Minutes

23 Apr 2016

Agenda

1. Cuppers rules re: mixed college teams
 - a. Eleanor: Whichever team has two people – Geographical?
 - b. Somewhere close to Medwards e.g.
 - c. Mixed teams
 - d. Rob: First instinct: Anyone can pair up if they want, but it would mean that if you wanted to seriously win it, you have to have a college team – Only a few colleges with senior pairs and everyone else in random pairs
 - e. Enter as college pair/individual – Randomly assigned? – Good idea to change it up a bit
2. Rotating bosses
 - a. Eleanor: It keeps raining, will be done at some point
 - b. Smooth out edges
 - c. Housemate at Churchill – Help out
 - d. Jack: Rotated all the soft spots to the centre
 - e. Shooting in different spots
 - f. Four at the range, one is not in good condition
 - g. At some point go to the range to check
3. Outdoor kit (pegs, guy-lines, rope, just a check)
 - a. Order in – how many? As soon as possible
 - b. Faces
 - c. Heavy-duty pegs – Ground ones – People push these in with their feet instead of hammer – Might be worth buying someone – Richard was going to do it
 - d. Trouble with standard pegs is that they bend too easily – Not worth the investment – The ones we had last term were pretty

ok - If we have mallet and concrete we can straighten them out

- e. Carbon fibres? Problematic - Goes into people's feet - More gaffe tape? Cheaper
- f. Sophie: In ArcheryGB rules we should be roping out all sides - But we established last year we will see people if they are walking - Maybe one or two more signs that are visible - We definitely have ropes on the sides where it is the most dangerous

4. Regular weekly sessions for novices/beginners
